

Course Title:

CPM: Medical Device Clinical Trials - Budget and Timelines Planning

Product ID: 99

Level: CMDP

Duration: 100 mins

SME: Danielle Giroud

First Released On: 04/23/2010

Course Description:

Avoid being caught a day late and a dollar short - this course will provide you with a comprehensive and detailed account of the critical items that should always be included when establishing a clinical investigation budget, as well as efficient methods and insight on setting up your planning based on solid objectives and realistic timelines.

In order to further your skills, this course includes an excellent hands-on exercise in which you will be asked to develop a budget and set up a timeline for a virtual study. Watch out for errors in judgment and omissions though; things can quickly go awry if not budgeted or planned accordingly!

Learning Objectives:

Upon completion of this course, trainees will be able to correctly and successfully:

- Establish and develop a thoroughly complete budget for any clinical investigation
- Set up and plan realistic timelines for clinical investigations

Who Should Enroll:

Clinical project managers, senior clinical research associates, regulatory managers or any other managerial clinical role involved in the planning and budgeting for a clinical investigation for a medical device

Related Resources: Yes

Prerequisite Knowledge

Understand the different phases involved in a clinical investigation, understand the essentials of a well-designed clinical investigation and have a good understanding of the requirements of GCP for medical devices

Price:

Premium: €300.00.- **Basic:** €400.00.-

Course Format:

All WMDO professional online training courses are fully interactive and contain audio, video, graphic animation, online quizzes and include all necessary course materials. Trainees receive a minimum of 60 days of unlimited access in which to complete each course depending on course length and complexity. (See individual course descriptions for details).
