Online Training for Medical Device Professionals

Course Title:

Role of RA Specialist in the Design Process

Product ID: 154

Duration: 40 mins

SME: Adrienne Lenz

First Released On: 02/11/2011

Course Description:

This course focuses specifically on the responsibilities of the Regulatory Affairs Specialist in the medical device manufacturer's design process. It offers you a comprehensive illustration of the RA Specialist functions in design control, regulatory documentation, submissions, product launch and design changes.

Learning Objectives:

Upon completion of this course, trainees will be able to correctly and successfully:

- Identify the RA Specialist functions in design control, regulatory documentation, submissions, product launch and design changes.
- Recognize the importance that RA Specialists work begins early in the design process, throughout the device development and into the product launch.

Who Should Enroll:

RA Specialists. Regulatory Managers, Human Resources Managers or others interested in the learning the typical roles and responsibilities for Regulatory Affairs Specialists in the design process.

Related Resources: Yes

Prerequisite Knowledge

None

Price:

Premium: €89.00.- **Basic:** €118.00.-

Course Format:

All WMDO professional online training courses are fully interactive and contain audio, video, graphic animation, online quizzes and include all necessary course materials.
