Product ID: 156

Duration: 45 mins

SME: Vincent Jaeger

First Released On: 02/17/2011

Course Description:

This course details the fundamental actions and critical factors necessary to securing reimbursement for medical devices in the US upon their commercial release.

Watch the Course Trailer:

Learning Objectives:

Upon successfully completing this course, learners will be able to:

- Identify the three fundamental components for successful reimbursement
- Appreciate the value of developing a reimbursement strategy early on
- Recall how to apply for a new CPT code
- Provide a detailed understanding of the activities necessary to attain adequate reimbursement for medical devices in the US
- Comprehend the need to establish a revenue stream for physicians, hospitals, and medical device companies
- Explore revenue-generating options if full reimbursement is unavailable
- Realize that the "Build it and they will come" success in the market is entirely based on technological superiority
- Recognize the common pitfalls that can lead to financial disaster

Who Should Enroll:

Medical device industry professionals who want their medical devices to achieve commercial success in the US are encouraged to enroll in this course.

Related Resources: Yes
