Learning Objectives:

Upon successfully completing this course, learners will be able to:

- Describe all necessary activities for the investigation planning phase
- Know that risk assessments and clinical evaluations are mandatory prior to starting clinical investigations
- Look up the content requirements of CIPs, IBs, and CRFs
- Establish justification for the extension of monitoring during clinical investigations
- Perform a thorough evaluation of investigation sites before committing to working with a given investigator
- Apply specific clinical investigation labeling requirements and be aware that these may vary from one region to another
- Consider whether a DMC should be involved

Who Should Enroll:

Clinical research associates (monitors), clinical study coordinators, assistant senior clinical research associates, clinical project and data managers, data entry personnel, ethics committee and institutional review board members, regulators, and notified body personnel involved in auditing clinical evaluations are all welcome to participate in this course.

Related Resources: Yes

Prerequisite Knowledge

The following series is required:

- Effective Monitoring of Medical Device Clinical Investigations (IDs 41–48, 59, 56, 50–55, 108, 96)

Price:

Premium: €46.00.- **Basic:** €61.00.-

Course Format:

All WMDO professional online training courses are fully interactive and contain audio, video, graphic animation, online quizzes and include all necessary course materials. Trainees receive a minimum of 60 days of unlimited access in which to complete each course depending on course length and complexity. (See individual course descriptions for details). Courses include handouts, case studies, working documents and other useful links. After successful completion of your course, you will be able to download your WMDO Certificate of Completion for your training records.

Online courses are cross-browser compatible and require internet connection (minimum 300kbs) and Adobe Flash Player installed (Free download available at: <http://www.adobe.com/products/flashplayer>).
